## DETAILED ACTION

### *Election/Restrictions*

1. Applicant's election without traverse of Group I, claims 1, 4, 5, 8-13, 25 and 52 in the reply filed on 02/13/06 is acknowledged.
2. Claims 6, 7, 14-51 and 53 withdrawn from further consideration pursuant to 37 CFR 1.142(b) as being drawn to a nonelected invention, there being no allowable generic or linking claim. Election was made **without** traverse in the reply filed on 02/13/06.
3. Applicant's response to this Ex Parte Quayle action should include a cancellation of claims 26-51 and 53.

### *Claim Objections*

4. Claim 1 is objected to because of the following informalities:
  - a. In line 7 there is recited a "second forestock *element*". However, subsequent language refers to the element as a "second forestock". Applicant should remove the "element" portion of the phrase to maintain consistency with the same limitation in subsequent claims.
  - b. In lines 8 and 13, "said stock" should be amended so it is clear which stock applicant is referring to (e.g. the forestock or buttstock).
  - c. Line 10 recites the phrases, "the barrel distal end" and "said rear end of said buttstock". Claim 1 should be amended to provide antecedent basis for these limitations.

- d. Line 14 recites the phrase, "said second attachment point". Claim 1 should be amended to provide antecedent basis for this limitation.
  - e. Line 17 recites, "all pistol grips". However, it appears that only 1 pistol grip is previously recited. The applicant should amend claim 1 to add more grips or amend the phrase so that it is clear which previously recited grip(s) applicant is referring to.
  - f. Lines 17-18 recite, "and operational features of the firing assembly". However, it does not appear that any specific operation features were positively recited.
2. Claim 52 is similar to claim 1 and, therefore, contain similar errors that should be corrected.

Appropriate correction is required.

***Allowable Subject Matter***

3. Notwithstanding the objections discussed above, independent claims 1, 4-25 and 52 are considered allowed.
4. The following is an examiner's statement of reasons for allowance: The prior art does not anticipate or make obvious a weapon stock having a lower second forestock element that extends below all pistol grips and operational features of the firing assembly and is not integrally formed with "the stock".

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably

accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
